

Congratulations!

Your new home has met the inspection criteria for the SkyeTec Certification Program

*This certification is based upon guidelines, standards & techniques established
by the following organizations:*

- **ACGIH** American Conference of Governmental Industrial Hygienists
- **ASHRAE** American Society of Heating, Refrigerating & Air Conditioning Engineers
- **IICRC** Institute of Inspection, Cleaning & Restoration Certification
- **EPA** Environmental Protection Agency
- **NADCA** National Air Duct Cleaners Association
- **EEBA** Energy & Environmental Building Association

SkyeTec evaluated the following areas upon completion of your new residence:

- Visual Inspection of Interior & Exterior of Residence
- Moisture Content of Building Materials
- Humidity & Temperature Variables
- HVAC System Cleanliness
- Absence of Visible Mold Growth
- Presence of Interior & Exterior Sealants

Protect your investment. Visit www.SkyeTec.com for more information on maintaining your **Quality Healthy Home.**
